## PROFILE SUMMARY

B.Tech CSE (Lateral Entry) student carrying a 9.08 CGPA from Diploma, with 6 months of hands-on MERN stack experience. Built and shipped SportsSphere, a full-stack event-booking platform with 3 role-based dashboards, secure payments, and an AI chatbot.

## SKILLS

**Languages:** C++, JavaScript, Python (basic)

**Web Stack:** MongoDB, Express.js, React, Node.js (MERN), HTML, CSS

**Tools & Platforms:** Git, GitHub, Postman, Dev-C++, Cisco Packet Tracer

## EXPERIENCE

**MERN Stack Intern** | O7 Services, Jalandhar

Jan 2026 – Apr 2026

- Built and deployed SportsSphere, a full-stack sports event-booking platform with 3 role-based dashboards (Admin, Coach, User), taking it from design to a live production deployment.
- Implemented JWT-based authentication and a 4-minute seat-locking mechanism, eliminating double-booking during concurrent ticket purchases.
- Integrated the Razorpay payment gateway with HMAC-SHA256 signature verification, securing 100% of transaction flows against tampering.
- Engineered Cloudinary-based media storage and a Google Gemini AI chatbot, reducing manual back-and-forth for common user queries.
- Delivered the project end-to-end over a 6-month internship, backed by a daily work diary and a full technical viva presentation.

## PROJECTS

**SportsSphere** | MERN, Razorpay, Cloudinary

GitHub: Bhav1101

- Designed 3 distinct user roles with isolated dashboards and permissions, supporting end-to-end event discovery, booking, and management.
- Live and publicly accessible at [sports-sphere-nine.vercel.app](https://sports-sphere-nine.vercel.app).

## CERTIFICATIONS

- MERN Stack Development — 6-month internship certification, O7 Services, Jalandhar.
- Python Programming — 45-day certification, GTB Institution.

## EDUCATION

**B.Tech, Computer Science & Engineering (Lateral Entry)**

2026 – 2029 (Expected)

Lovely Professional University, Phagwara, Punjab — Semester 3

**Diploma, Computer Science & Engineering**

2026

Lovely Professional University, Phagwara, Punjab — CGPA 9.08 / 10
